HOWDY

The College Governing Board welcomes, you, freshmen, to Cortland State Teachers College. Here you will make life-long friends, here you will find encouragement for bigger and better goals, here you will develop a philosophy which is based on your actual experiences and formed from the various ideals and standards of all the students, faculty members, alumni, and house-mothers with whom you'll come in contact.

You'll be faced with disappointments but with such knowledges and associations you'll be able to overcome such difficulties and go on to higher levels. Don't let your first reverse stop you. Go on! Be that much wiser for experience you will have gained.

Each one of you will help build Cortland by participating in the various school organizations. Don't sit back and expect to live on past reputations. Be alive! Give to Cortland everything you have. In this way you'll make Cortland State Teachers College proud of you and you proud of Cortland State Teachers College.

Elsa J. Putman

President of The College Governing Board.

Donnal V. Smith

WELCOME FROSH!

Believe me when I say that we are all glad to see you start a career whose importance is increasing every day, I suppose I should point out how important it is that you work hard to fulfill the responsibility you have assumed but I'm not going to do that now. Instead, I'm going to express a wish for you. I wish that you find at State a host of friends, delightful hours of living, and stimulating intellectual growth. May you enjoy these golden years to the full for they come but once in a lifetime.

We know that much must be done to make our college meet our ideals. The fact that you have elected to come to Cortland shows that you believe in what we are doing. We find fresh courage in having you join us as we build.

DONNAL V. SMITH.

Dr. Barber

DR. BARBER. As one whose sincere friendliness and ever-ready willingness to give council to each student who may seek it, Dean Barber rates among the highest. The door to her office is open to everyone and you will find there a cordial atmosphere. Our Dean will always find time to discuss, and help solve your problem. Heading the Social Activities program, Dean Barber provides parties and dances which contribute to the happiness and welfare of the students. You will find Dean Barber a loyal friend to whom you may, and will, go frequently for all sorts of advice and guidance.

WHERE'S YOUR BIBLE FROSH?????

Here 'tis Your trusty little Frosh Bible which will spend many happy hours tucked away in your handy pocket . . . Guard this book with your life . . . Let this word to the wise be sufficient . . . Don't lose it . . . Read it thoroughly . . . Digest its contents and you're off . . . on your way to a successful Frosh year . . .

Compliments of . . .

Kay Montgomery—Editor-in-Chief
Shirley Brisbin Brown—Art Editor

Writing Staff
Betty Millen
Jean DeGraf
Muriel Sloatman

AN UPPERCLASSMAN SPEAKS

You lucky little frosh, you . . . You don't realize how much is in store for you at Cortland. Not everything is study . . . (believe it or not) . . . not by a long shot. No . . . there are other things like . . . hazing . . . Now don't pretend you don't know what that is. It won't do you any good to feign ignorance even though it may be bliss. We, at Cortland, feel we do ample justice to this phase of your college education . . . It makes for a well rounded individual and all that sort of thing . . .

The moment you enter the stately (State--ly . . . get it) . . . portals of our college you cease to be a high and mighty senior from Podunk and become, instead, one of the many Frosh who are working together for acknowledgment from the other classes . . .

Now don't get discouraged, George, we really don't want to hurt your feelings—we just want things straight from the start . . . You see, we've all had to go through this hazing business ourselves and we wouldn't be human if we didn't want to see you get a little of the same medicine and maybe just a little bit more.

Speaking to you as man to man, (or should it be woman to woman) . . . this is the way things stand . . . The Upper's feel it their solemn duty to rectify all mistaken ideas which you let slip into the open . . . So be on the alert . . .

Don't worry, they won't light right into you as soon as you enter the door. No—they'll give you time enough to get accustomed to the school, your new home, your new friends and all those other things which make these first few weeks so confusing . . .

Frosh Caps

We have Frosh caps to give the Frosh the distinction of being the new class at the college. It helps ban the class together and you can tell at a glimpse who your fellow classmen are . . .

When the time is ripe, the sophomores will announce that "little green hats" are for sale in the lower corridor and it's your duty to buy one . . . or else . . . You're to

wear this hat constantly and tip it to every upperclassman and member of the faculty that you come upon . . . Heaven help the poor frosh who doesn't . . . but we'll come to that in due time.

Frosh Bibles

We hope that this book will be a guide to you in those puzzled moments which occur throughout your Freshman year . . . When one speaks of the "little green hats", one cannot forget that other indispensable little article . . . the bible which you are now reading . . . Hold on to this bible . . . your very life may depend on it . . . but then maybe that's putting it a little too harshly. Patch it up when it needs patching, and believe you me, it will need patching before long . . . You're to know everything in the bible from cover to cover and back again. Beware of the upperclassman who wants to know how many periods there are on p. 16 or what is explained on p. 17 . . . Believe it or not, they ask just such questions . . . so "be prepared" . . . as a girl scout once said . . .

Vigilance Committee

Now for the more unpleasant side of the story . . . Undoubtedly, at some time during the next few months you will be hearing the term, Vigilance Committee . . . TIP . . . this is a group to steer away from . . . once they get your number . . . might say "Wrong Number" . . . your goose is cooked . . . This organization is composed of a carefully selected handful of upperclassmen who have shown exceptional talent along the "guiding light" line . . . It is their privilege to go upon the stage once a week for as many weeks as are necessary, and to call upon those frosh who have been found guilty of various misdemeanors. We're warning you once again . . . What they can do to a poor frosh who has gone astray, shouldn't happen to a dog. Of course, we know that very few freshmen will be found guilty of any misdemeanors.

We agree that it's a tough assignment we are handing you, frosh, but we feel sure that the class of '49 can hold up it's end of the bargain as the classes who have gone before have done . . . the rest is up to YOU . . . GOOD LUCK . . .

FRESHMAN RULES

1. Freshman shall wear, whenever outside the college, green caps, having a red button on top . . . In case caps are unavailable, Freshmen shall wear the insignia prescribed by the Sophomore class . . .

2. Freshmen shall wear their Freshmen hats until Thanksgiving unless they win the tug of war two weeks prior to the Thanksgiving vacation.

3. Freshmen shall tip their caps upon meeting any member of the faculty or any upperclassman.

4. No prep or high school insignia are to be worn in Cortland.

5. All Freshmen students shall enter and leave by the basement doors.

6. Freshmen must know the Alma Mater. They should always carry the Frosh "Bible" with them and be acquainted with its content.

7. Reasonable deference must be shown all upperclassmen.

8. Freshmen shall be obliged to take part in numerous affairs during the college year, as requested by upperclassmen.

9. Freshmen who have passed through Moving Up Day at any college are not required to undergo hazing.

10. Freshmen are not allowed to smoke on the streets or in any public place under any circumstances . . . except in the student lounge . . .

11. The Vigilance Committee shall have the power to impose penalties upon Freshmen disobeying rules.

CONSTITUTION OF STUDENT BODY

Preamble

In order to provide an association of students and faculty for the promotion of general well being and to establish an adequate organization for the collection and distribution of finances to secure this end, an association known as DIDADALSCO is hereby established.

Membership

Article I

This Association shall include as members all persons who are employed on the instructional staff and those who are regularly enrolled as students at State Teachers College in Cortland, and all such persons must accept the provisions of this constitution and contribute to the maintenance of this organization as shall be determined by the Assembly.

Legislation

Article II

Section 1. All legislative powers of this Association shall be vested in an Assembly of member students and faculty to be convened by the President of the Association monthly or oftener, on a day and hour to be designated by the Assembly.

Section 2. Attendance in Assembly shall be mandatory but to safeguard the welfare of the Association against unforeseen contingencies, the Assembly may convene when half the members of the Association are present.

Section 3. The business of the Assembly shall be conducted according to Robert's *Rules of Order* with limitations on debate upon the vote of a majority of those present.

Section 4. All acts of the Assembly shall be binding on the Association when approved by a majority of those present.

Section 5. In case of dispute as to the intent of this Constitution, the Assembly shall be the sole interpreting body.

Section 6. The officers of this Assembly shall consist of a President, Vice-President, Secretary, and Treasurer.

Section 7. All such officers shall be nominated by the Assembly according to such regulations as shall be enacted by the College Governing Board.

Section 8. Nominations of officers of the Association by the Assembly shall be held the first Monday in April. Election of officers of the Association shall be held the third Monday in April, and installation of officers shall take place on Moving Up Day. The elections shall be supervised by the College Governing Board and ballots shall be cast in writing secretly.

Section 9. The President shall preside at all meetings of the Assembly and shall also be the chief executive of the College Governing Board.

Section 10. The Vice-President shall preside over the Assembly when the President is not presiding, and shall also be Vice-President of the College Governing Board with duties therein equal to those in the Assembly.

Section 11. The Secretary of the Association shall be responsible for a written record of the business transacted at all meetings of the Assembly and shall serve as Secretary of the College Governing Board.

Section 12. The Treasurer shall be the custodian of all funds of the Association and shall also be Treasurer of the College Governing Board.

Section 13. No person shall be qualified to hold the office of President who is not a member of this Association and who does not have a minimum of 90 hours of credit on or before September first following the election.

Section 14. No person shall be qualified to hold the office of Vice-President who is not a member of the Association and who does not have a minimum of 59 hours of credit on or before the September first following the election.

Section 15. No person shall be qualified to hold the office of Secretary who is not a member of the Association and who does not have a minimum of 30 hours of credit on or before September first following the election.

Section 16. No person shall be qualified to hold the office of Treasurer who is not a member of the Association and who does not have a minimum of 59 hours of credit on or before September first following the election.

Section 17. All the fore-going officers shall begin their duties in the April meeting and shall serve until the next annual installation of officers as provided herein, except in cases of prolonged absence which interfere with the conduct of business consistent with student welfare, in which case a special election shall be held as determined by the Assembly.

Administration

Article III

Section 1. Administrative functions of the Assembly shall be delegated to the College Governing Board.

Section 2. The officers of the Association shall be the officers of the College Governing Board. This Board shall also include two Freshmen, two Sophomores, four Juniors, four Seniors, and two members of the Faculty. Members of this Board, other than the officers of the Association, shall be nominated and elected in the same manner as the officers of the Assembly and shall serve a like term. Nominations of Sophomore, Junior, Senior, and Faculty members must be made on or before April 30th, the election being held at the next regular meeting thereafter. The Freshman nomination and election shall be held after their first ten weeks. The officers elected are to be installed on Moving-Up Day.

Section 3. Vacancies on the College Governing Board shall be reported to the Assembly and shall be filled by a special election in a manner determined by the Assembly.

Section 4. A term of service on the College Governing Board shall not be considered as a disqualification for further service on this board or in any other office of this Association.

Section 5. The College Governing Board shall draft, promulgate, and revise all be-laws for themselves and this Association. They shall supervise all elections and are empowered to receive petitions which must then be pre-

sented at the next regular meeting of the Assembly. This board shall revise this constitution and the regulations made by all agencies subsidiary to this Board.

Section 6. The College Governing Board shall be responsible to the Assembly for any of its actions and shall be present in a body at all meetings of the Assembly to answer questions concerning policy. The College Governing Board shall approve all organizations promoting the welfare of this college and pass upon their constitution to effect this end.

Finance

Article IV

Section 1. It shall be the duty of the College Governing Board to investigate every financial request of all organizations maintained by the Association, supervise all accounts and prepare an annual budget to be submitted to the Assembly for adoption on or before the first regular meeting after Moving Up Day.

Section 2. The budget prepared by the College Governing Board may be altered, rejected, or approved by the Assembly.

Amendments

Article V

Amendments to this constitution must be presented by the College Governing Board upon petition of $12\frac{1}{2}\%$ of the membership of the Association. Such amendments shall then be read in the next assembly. On the day of the next regular Assembly following the reading, balloting on each amendment shall be held from 9:00 A. M. until 6:00 P. M. and such amendments shall become valid when approved by 51% of the total number of students and faculty members of the Association.

Reservation of Rights and Powers

The delegation of authority in this constitution shall be contractual and shall not be construed as a denial of the rights of members of the Association or a reduction in the power of the Assembly to act on questions not provided for in this constitution.

THE STUDENT ACTIVITY PROGRAM

To meet the need for some control in the student activity program the following regulations are made:

- A. Activities are scheduled on three days a week, thus limiting the number of available choices.
(See the general schedule at the end.)
 - 1. The three days are Monday, Wednesday, Friday.
 - 2. Tuesday evening is to be kept free of all activities including intramurals, dramatics, special rehearsals and the like in order that there will be no conflict with the scheduled meetings of the administrative councils such as College Governing Board and The Social Activities Council.
 - 3. If a period must be used for some special event such as a lyceum number, the scheduled activities will be canceled.
- B. Students are limited in the number of activities they may elect.
 - 1. Activities are designated as major, minor, or unrestricted according to the number of meetings per month demanded, and according to the amount of outside work required.
 - a. The assignment of activities is as follows:

Major

Varsity Sports	Masquers
Hilltop Press	Glee Club
College Governing Board	Aquatic Club
Dance Clubs	

Minor

American Childhood Education Association	Newman Club
American Association Health, Physical Ed. And Recreation	Student Christian Fellowship
	Social Activities Council
	Interfraternity Council

Unrestricted

Intramurals	Women's Athletic Association
International Relations Club	Men's Athletic Association
	Kappa Delta Pi
Sororities and Fraternities	Delta Psi Omega
Didascaleion	

2. Entering freshmen are limited to one major and one minor activity.
3. Sophomores not on the ineligible list of the previous semester may elect two major and two minor activities.
4. Any freshmen or sophomore appearing on the ineligible list must drop all major activities, but may keep the minor activities.
5. Any freshman or sophomore on the honor list for one complete semester is unrestricted in his choice of activities for the next term.
6. Any upper classmen on the ineligible list must drop all major activities.
7. All upper classmen not on the ineligible list for the previous semester is unrestricted in his choice of activities.
8. The ineligibility list is determined by the Administration.

C. Administration of the Activity Program

1. Activities are scheduled on the calendar in the Dean's office.
2. Eligibility will be determined in the Dean's office.
 - a. Students obtain activity cards from the Dean.
 - b. When all cards are collected by the organization presidents, they are to be filed in the office of the Dean.
 - c. Change of activities can be made only by counseling with the Dean.
 - d. Cards will be checked periodically against the ineligibility list and sponsors notified if ineligibility occurs.

D. Appeals for exceptions to the above rules shall be taken to the College Governing Board.

Aquatic club is scheduled for Friday afternoons of each week if the pool is free. If not it will be scheduled Monday or Wednesday afternoons. If the pool is in use at all of these times, Aquatic Club will be on Wednesday evenings.

2)

School parties are scheduled approximately every other Saturday evening, of each month.

Big Sisters

Are you down in the dumps or just plain confused? If so, perhaps you would like to talk it over with someone who has had a year or two at State Teachers College and has already gone through what you are now experiencing. That someone is your Big Sister who will take a personal interest in you and your activities and will answer any questions you might have.

When you received a card saying you had a big sister . . . you probably wondered what it was all about. Upon arriving at Cortland you had a million and one questions on your mind about everything from "What should I wear to school the first day" to "Can I chew gum in class"? . . . Your big sister tried to contact you by mail before you came to Cortland and in person after you arrived. It's her responsibility to show you the ropes and get you well acquainted with C.S.T.C. before you begin on your own. You'll have her address and should feel free to call on her at any time. . . P.S. Answer to "Can I chew gum in class?" . . . Use your imagination . . . P. S. 2 . . . The fellows will have to choose their own big sisters.

WHAT TO WEAR AND WHERE

Girls

Sweaters and skirts reign supreme here just as in every other college. A gal can be just going to school or down for a sundae or out on a date . . . but she goes in a sweater and a skirt nine times out of ten. A dressy dress for church and the teas and some parties is an essential. Jeans and plaid shirts? You bet! You'll want them for some of our parties as well as for Saturdays. Be sure and pack that nifty little formal too 'cause you'll want that for some of our extra-special dances and affairs. Let me warn you that winter in Cortland is *something* so you'll want those sharp ski suits, snuggies, and believe me, if you can dig up some long red flannels, you'll be the envy of everyone. You'll be swimming, skating (ice and roller) skiing, hiking, playing tennis, and *sleeping* so you'll want just the things that you've always worn when you've felt like going rugged. Loafers and socks are tops too. Don't think that it's necessary for you to get a complete new wardrobe just because you're coming to college. Clothes are harder and

harder to get now, and really your high school clothes are just the thing. They may be old clothes, but somehow you look and feel quite different in them than you did before. Could it be because you're a college gal now?

Men

Put away your tux . . . and pull out your flashy sweater and slax . . . Dig out that pre-war pair of saddle shoes . . . stick a pipe in your mouth . . . all set? Man! . . . are you collegiate!

Just come as you are . . . You'll need your dress up suit for school dances and other types of social life. Sometime you might be called upon to do a bit of hard work . . . dirty work, to you . . . so don't forget the jeans and old shirts . . . Bring along your athletic equipment . . . boxing equipment, track shoes, tennis racquet . . . baseball and football equipment which is near and dear to your heart . . . and general athletic clothing . . . but . . . most of all bring along those heavy clothes . . . Cortland is famous for its winters . . . and 'Snow fun to be cold . . . especially in May, when we still have snow on the ground . . .

FROSH CLASS ORGANIZATION

All you happy little Frosh trot around the campus for awhile becoming familiar with places, faces, and the metropolis of Cortland. After you've been tested, rested, and inducted into our midst, you are all called together in the auditorium for a nice cozy chat. It is at this assembly that you nominate a chairman to take care of the Frosh affairs and to represent you. He or she (as the case may be) doesn't have too much to do and is active only until the early part of November. By the time November rolls around, you all are pretty well acquainted with each other, we hope, and you have a chance to change your minds about your officers. It is at this meeting that you elect your President, Vice President, Secretary and Treasurer, and do away with your temporary chairman (not literally, mind you). From November on there is no more mind-changing, and you are on your own as a class. You will sponsor a party or two, you will assist at various school functions, and oh you will be lots of help to us—we hope. Start saving up novel ideas for parties and things now, so that your parties will be a big success. We'll see to it that you're really buzzin', cousin.

WEEKENDING IN CORTLAND

Spirits are high in Cortland State on weekends. There are any number of things to do besides taking your Saturday night bath and washing clothes. There are all kinds of parties at school on Friday or Saturday nights. Some of them you will attend in jeans and plaid shirts, and others will require your neatest outfits. Not only will you get acquainted at these parties, but you'll round and square dance, you'll go scavenger hunting, you'll play games, you'll produce skits on the spur of the moment, and you'll have just loads of fun. After the party there's the C. S. T. C. hangouts to invade like the Chocolate Shop and Marian-Margaret's.

The pool at school is open on Saturday morning from nine to eleven for free swimming . . . that means everybody's allowed, and it also means that you aren't required to pay anything. As you probably know, Cortland has grand skiing weather, and it's a wonderful place for hiking. Then there are the two theatres, and there's a rollerdrome not too far off. You'd be surprised how well our faculty skate. All in all, there's never a dull moment here at Cortland State, and boy is that bed super after putting in a full day!

College Slang

Before you're here very long, frosh, you'll begin to notice some rather queer expressions we use around here. To explain some of these is the purpose of this section of your Bible.

Fooling around is often referred to as "batting" around, "ratting" around, or even "jitzing" around. You'll find these very useful words in your vocabulary.

If ever you find yourself beset with a "sob sister" whom you would like to squelch, just say, "Tough", and watch her squirm. The more sarcastic the tone, the better the result.

Whatever you do, try not to get into the habit of swearing. It's a tough habit to break and remember you're training to be teachers. Why not use less powerful expressions like "Jesum Crow," "Holy cats," "holy satchel," "geepers," or just plain "nuts."

You'll probably hear a lot of these two words, "sly" and "lush." They can be used to mean practically anything—and believe me they are.

We often refer to our life as being in a rut. You've probably used this expression before so we'll not explain further.

When one is angry, he is taking a big burn or scorch. You'll probably find loads of occasions to use these words.

When life gets too complicated for someone, just say, "Don't let it throw you," which being freshly translated means not to let things get you down.

The word "crave" can also be used many ways. It's general meaning is "to like." Another word often heard with crave is zoot which means right, as "That isn't the "zoot" way to write that paper."

For those of you who already find yourself addicted to tobacco you'll find these little sayings useful. We often refer to smoking as taking a "drag" on a "weed." The "weed" referring to the cigarette.

You'll note that there are quite a few people around who like to jitterbug . . . well we call it "jitting," just to make it easier.

T. S. is quite a well used expression around the campus. Don't ask for the literal translation, but the general idea is "too bad."

You'll also find quite a few of your classes abbreviated. Examples might be, "psych.," for psychology, "T. & M." for tests and measurements, "H. & P." for History and Principles, "Org. & Ad." for Organization and Administration, and many others. Also you'll find that there are nicknames for the teachers. Chugger is one of the first ones you'll hear, and then you'll hear Mr. Holloway referred to as Prof., Mr. McWilliams referred to as Mac, but to be on the safe side, we wouldn't advise you to use these nick-names too often.

What's What

To familiarize you with those little odds and ends which would puzzle the great whodeenie . . . if he were to listen to the average Cortland college conversation

JUNIOR ROCK Massive hunk of granite planted by nature on the archery range

FROSH ROCK Defaced and claimed for future years by the class of 1945

"JUNIOR" Hound dog . . . seen everywhere with everybody . . . has super skill in the art of dodging between hockey balls on the athletic field

D. V. . . . Shortened pronunciation of Smith . . . used in reference to Dr. Smith . . . President of your college . . .

OSCAR Full grown skeleton . . . used extensively throughout the Physical Education course

NORMAL STUDENT That's you . . . Mary . . . The townspeople . . . forget that you are a college student and upon occasion slip into . . . "there goes a Normal student" . . . grin and bear it

FROSH A meek mild animal with green cap who waits to find out what the score is before trying to steal home on a fly ball

SOPHOMORE A strutting peacock with an eye on erring Frosh and a strong memory for the humiliations he had to go through when he was a Frosh.

JUNIOR A giraffe with its head in the clouds wondering how he ever got to where he is

SENIOR An over nourished under exercised colt with its hoofs glued to the ground waiting for the starting bell

FACULTY House of hens hatching forth a crate of promising young student chickens

PHYS. ED. . . . A husky specimen of humanity who exhibits a continual state of fatigue.

G. E. . . . A person who worries about whether she should go bowling or play tennis to make up a gym period . .

PINKEY A gruesome worm who has its head in a book so long that teachers begin to think the worm is a student

TRENCH COAT An article which is worn continually until it takes on a dingy grey appearance . . . this article is always accompanied by a kerchief which is used to cover up hair which has been misused and generally abused.

"DID" Short for Didascaleion Yearbook which everyone receives at the end of the year

PINES Place where green trees grow where couples gather where groups have outdoor picnics where you work on Timber Day and where it's nice to go

FROSH BIBLE This little book which you carry with you so religiously until once you forget it and are stopped by an upperclassman who in turn reports you to the

VIGILANCE COMMITTEE Which is a group of individuals which plots how to skin a Frosh without shedding blood

No sooner do you enter the doors of the State College than you will be labelled. All students registering as freshmen will receive specific directions upon arrival at the campus. As you enter the portals, you will report to the auditorium and receive your instructions. After that you can pay your fees. The fees for the year 44-45 were as follows: \$10 State fee. Activities fee for general education students \$17 or, if physical education, an activities fee of \$18, making a total of \$27 or \$28, each of which is payable at the beginning of each semester. This varies yearly according to student budget. When you spend this money it may help to remember that this fee is established by our own Student Assembly upon organization of the College Governing Board and it will buy you more fun and recreation than any other money you spend on the campus. This year the fee has been raised \$2. making your share \$29. if you are a general course student, and \$30. if you are a physical education student.

Budget

You may wonder just where that currency you're handing out goes to . . . Read on, O Seeker of Truth . . . Well planned budget allots your money where it will do you the most good . . . Each organization sponsored by the College Governing Board presents its last year's allotment and expenditures . . . the representative then states the next year's tentative program and its request for an allotment to cover the planned program.

Bookstore

After being tagged for \$27 or \$28 you go to the bookstore and get tagged for some more. Our bookstore is in the north corridor of the basement but it won't be there long for we are going to have a new one under the lounge. Along with the books we will have a snack bar for students who like a bun and a coke between meals. But for the present the old bookstore must suffice. That's where you get the textbooks, or if you have books of your own to sell, they manage a textbook exchange. Miss Mary Harrington who is in charge, carries a complete line of school supplies

for your convenience. You will order your various uniforms for the Phys. Ed. Course here

P. S. (On the uniforms . . . Don't feel badly about the end of your Frosh year . . . we all put on a little weight every now and then.)

The Caf

. . . . alias "the Greasy Spoon" Located in the basement of the north wing . . . Open for Luncheon . . . Serving the best in the culinary art . . . Pleasant atmosphere for students and faculty alike

Emergency Employment

Are you . . . too . . . troubled by financial affiliations . . . does your pocketbook look all fagged out lately . . . it's all right . . . you're just one of many whose thoughts finally turn to channels of labor

The person you want to see is Dean Barber . . . We almost guarantee you a chance to reimburse that thin wallet

If you want work for your board and room, or part of your board and room, or only for extra spending money, Dean Barber will do all she can to find you a satisfactory job. If you want to do ironing, mind babies, sell tomatoes, or shovel sidewalks, state your preference and you're more than liable to land right in that kind of a job. Come in and see the Dean and you'll leave her office singing, "Pennies from Heaven."

There is also an emergency loan fund for upper classmen established in the school . . . and when you reach that stage where you need a bit more \$ to help you in your worthy cause . . . apply to Dean Barber and she will give you all the details

Medical Service

What za matter? . . . Huh . . . Break a leg? . . . twist an eye lid? . . . Tear a tendon? . . . Never mind . . . Our doctor is in her office daily. And who knows . . . you may be lucky enough to pay her a visit every now and then . . . The exact hours will be posted in the first issue of the Hilltop Press . . . (and it's not everybody who gets such legitimate first hand information)

Do you have that sluggish feeling in the morning? . . . Does your cigarette taste different lately? . . . Don't use little liver pills . . . See Dr. Little . . . Our own trouble fixer upper . . . Dr. Little gladly checks on your digestion, egestion, ingestion and general parafamilia . . . remember, this service is a portion of what you are buying with your student fees . . . Get your money's worth and check with Dr. Little on the first signs and symptoms . . . Don't worry . . . If you are really sick and have to go to the hospital, the Cortland County Hospital is one of the finest in Central New York

Suppose you are at home . . . you ate too much . . . pickles . . . cheese . . . ice cream and lemonade . . . Remember! . . . the college MD does not make visits to your living quarters.

Thusly . . . If you need a doctor in the night . . . call your local MD. Important . . . The College medical fee does not cover fees charged by local MD's who treat students in their homes or at the hospital and the college MD does not treat students who are sent to the hospital though she often arranges their admission.

So, keep fit and flitting and remember that every illness should be reported to Dr. Little. This is not so much to protect you when you have a "Hed Code" as it is to protect the rest of us. Chum, remember absences due to illness must be reported to the Doctor before returning to class.

Hospitalization and Insurance

We've told you what to do when you get slightly under the weather . . . but when you're already really demobilized and headed for the hospital . . . remember to get in touch with Dr. Little and tell her that you are on the way to the Hospital . . . Not that she will send you a bouquet of flowers or extra homework to keep caught up or anything so useful . . . but it will save you some hard cash . . . These fees which you paid on the first pages entitled you to nine and one-third days in a ward bed. It also paid for X-Rays of injuries or accidents sustained in school activities. Phys. Eds. live dangerously so they pay \$1 more in their activity fee . . . You're pretty well taken care of . . . eh?

In addition, the college operates an insurance plan about which your parents will be informed. This insurance

policy will protect you against "accident" or "accident and health" if you so desire . . . What more could any healthy specimen of youth ask for . . .

Perhaps . . . you are covered by some other insurance plan . . . if so . . . now watch this (your chance to make a dollar) . . . Present your proof of insurance coverage to the College Governing Board treasurer and you will be refunded your greenback . . . thus waivering all claims to the 9 day hospitalization plan . . .

The Library

One of the buildings we are all pulling for in the postwar period is a new library for State College. Ours is a growing library. It now has about 30,000 copies and adds about 10,000 new volumes each year. It is located on the second floor opposite the stairway in the center of the building. In addition to a large main reading room a reserved book room is connected by two stack rooms. If you have any trouble finding your way around just ask the librarian at the circulation desk. All books, pamphlets, etc., which you want to take out of the library should be charged out at this desk. Just a reminder . . . be sure to get them in at

the time due or you pay a library fine. Sometimes students let these fines accumulate and pay them in service, but it is better to render the service and get paid for it so let's get books in on time . . . Shall we? . . . The regulations of library books will be explained to students early in the college year. If, however, library techniques are still Greek to you, be sure to call on Miss Robinson or Miss Becker for special help. They will show you the ropes in short order. The exact hours when the library opens will be announced at the beginning of the year, but they will be for your convenience

Lounge

Low - and - Bee Hold . . . A beaut of a Lounge . . . What could be sweeter during that ten minute intermission between classes, than a puff on that once famous cigarette? . . . Eh? . . . You don't smoke? . . . Wal, don't let that bother you . . . Our lounge is a super duper two room affair . . . The smokers use the north room and the nay-smokers relax in the south room

Who could ask for more than the new Juke box . . . the piano . . . the fire place . . . new furniture . . . rugs . . . drapes . . . Just remember . . . Frosh . . . Soph . . . Junior . . . Senior . . . It's your lounge . . . Ownership involves responsibility . . . use a little extra effort to keep the lounge looking "A La Snaz!"

Lounge Committee

The Lounge Committee is made up of appointees mutually agreeable to the president of the college and the president of the student organization. They are the ones who look after the lounge . . . Just for you.

Bulletin Boards

How to be the well informed student . . . Give a look every now and sometime during the day at the Bulletin Boards . . . You will know just where and when your class has a meeting . . . whether or not some instructor would like to see your pleasing personality . . . or maybe there's a job waiting for you because of your special abilities . . . Don't be coy now . . . keep an eye on the bulletin boards located on the corners of main and first as you enter the floor

A bulletin board is crammed full of Physical Education notices outside the office of Mr. Moench . . . Then too, we have a board on the second floor outside the library . . . and board of boards . . . we must remember never to forget to watch the Hilltop Press board outside the office of Dr. Sawyer for assignments due too soon

Lost and Found

With all those keys, books, fountain pens and pencils . . . You'll probably find yourself, sooner or later, looking for something that just isn't there. Eight times out of ten, you'll find your prize possessions in the Lost and Found department located in a tiny nook of our Dean's office. The other two times, you'll be out of luck . . . If something is lost we quite often can find it, but if it's "taken" there's not much we can do about it. If you find anything that doesn't belong to you, it's customary to take it to the Lost and Found department, and in that way, what's lost may soon, and easily, be found

At Home

The girls live in homes throughout the city or in one of the six sorority houses. All student resident places are approved by the college and visited regularly by the Dean of Women. In some homes girls work for their board and room. Before the war our fraternities thrived but with most of the men fighting Germans and Japs only one is left. That is a club to which all the men belong . . . The Beta Theta Omega.

We hope it won't be long now before State has a new Student Union and Residence Hall. We have swell plans for one large enough to house 100 men and 100 women. All we need is a magic lamp and a half million dollars to have it ready for you this September (Have you a little spare money and an old lamp jingling around in your pocket? . . . dig it out . . . Sure could use it!)

Seriously though we have big plans for Cortland . . . our new library . . . a half million dollar one . . . a new Health and Physical Education building . . . \$ one Another athletic field and camp . . .

This past year Mr. George A. Brockway gave us \$100,000 for a new student union resident hall facilities . . . Sure and we're going places.

Sororities

Watch cha wanna no?

The sororities at State Teachers College are: Alpha Delta, Agonian, Arethusa, Clonian, Nu Sigma Chi, and Theta Phi. The six sororities are one in their spirit of State Teachers College affairs. Each, however, is secret and enlists its membership through a rush period. Due to war conditions B. T. O., is now the only fraternity—after the war, more will be flourishing.

What Is Rushing?

Rushing means to be invited by sorority members to social affairs during the rushing season. This season will be announced in the Hilltop Press . . . (usually a period of ten days . . . sometime in the beginning of the second semester).

What Is Individual Rushing?

Individual rushing means to be invited by one or more sorority members to the show, to luncheon, to dinner or to some other social gathering. These invitations should be accepted or regrets sent so that the sororities may make substitutions in your place to fill their quota for the day's individual rushing number.

What Is Formal Sorority Rushing?

Formal rushing includes invitations to planned rush parties. Two sororities will have rushing parties on one night. These parties are so planned that rushees may attend both parties, if invited; that is, they may attend either one for the first half and the other for the second half of the evening. No R.S.V.P. should be given for attendance at the planned rushing parties unless they would have attended that rush party if they could.

May Upper Classmen Be Rushed?

If upperclassmen, for reasons of their own, were unable to join sororities earlier, and if transfers wish to be considered for rushing, they should leave their names with the Dean of Women. This list is open for sorority inspection at the beginning of any rushing season.

If You Do Not Wish To Be Rushed

Give your name to the Dean of Women. This list will be open to sororities before the beginning of rushing season.

What Is Bidding?

Bidding means to be invited to join a sorority. If you wish to join some sorority you should attend every sorority to which you are invited at least once to make certain whether or not you wish to continue being rushed by that sorority. If you do not wish to be bid to a particular sorority you should stop attending its parties when your mind is definitely made up.

How Is Preferential Bidding Carried On?

Each sorority hands to the Dean of Women a list of the rushees it would like to bid. At the same time rushees hand to the Dean of Women a list of their sorority wishes numbered 1-2-3 in order of preference. If they are bid by sorority number 1, they are taken in by that sorority and so on down the line to number 2 and 3. Thus, no rushee is sure which sorority she is to join until she receives word from the Dean. No sorority is sure of all the girls it is to receive until the girls call to accept their bids on the Tuesday evening following silent weekend.

What Is A Pledge?

A rushee becomes a pledge when she calls at the sorority house on the specified evening to accept her bid.

How Long Is It Before A Pledge May Become A Club Member?

Pledges may become sorority members when they have a scholarship average of C or above for a full twenty-week term. A pledge must become a member by the beginning of her junior year. If at this time her marks or her finances prevent her from joining she should withdraw or her withdrawal becomes automatic.

What Is Expected of Club Members?

Expected to attend regular bi-monthly meetings, to participate in all club social events, to live in the club house if financially able and space permits, and to uphold the honor of the club and of the college. Members should plan to spend weekends in town when necessary to meet sorority social engagements.

What Are the Expenses of Belonging to a Sorority?

Club expenses may vary slightly with the various clubs. However, the following listing gives average club expenses. Initiation \$5, due when formally initiated.

Yearly expenses \$5 to \$10, which includes yearly dues, cost of parties, etc., payable at a time designated by the Club. Board and room in the club house, including two meals daily—\$9 a week . . . three meals daily—\$10 a week subject to change. The student furnishes her own bath linens, bedding and room accessories. Members not living in the sorority houses are generally required to pay an out of house tax, a summer tax, or a similar tax by some other name ranging from \$5 to \$10 a year. This gives out-of-house members the privilege of enjoying the club house for individual and group recreation.

Clubs expect pledges upon becoming full-fledged members to make a written pledge to pay from \$50 to \$100 after graduation. This sum is usually paid in equal annual installments of \$5 or \$10.

What Are the Advantages of Joining a Sorority?

A sorority engenders many life long friendships and develops a cooperative spirit and a tolerance for others. It enables members from various backgrounds to learn to live and work together. It gives fine training in consideration for others, social contacts, and etiquette. It has the advantages of giving nearly all members, some time before graduation, responsibilities of varied natures

House Opening

This is your chance to meet all of the sorority members. Very early in the fall, you will be invited to go on a grand tour. Hop on the band-wagon and meet the girls, get to

meet the upperclassmen and give them a chance to meet you. See all of the clever ideas in the sorority dorms.

Cortland hospitality will make you feel at home and you will see it at its best. Watch for house-opening.

Interfraternity Council

The Interfraternity Council at present is composed of two representatives from each sorority. It covers all activities carried on by these organizations. It is the body responsible for enforcing rushing rules and generally providing for the student welfare in the fraternities.

Attendance

Why come to college . . . if you aren't going to come to college? That could cover the Cortland philosophy on attendance. Everybody goes to every class all the time . . . We don't have a cut system at State. You are responsible for your work . . . If you are absent from class more than once or twice your work is bound to suffer and you will undoubtedly be penalized. If you are absent from class or even late to class often enough to make a nuisance of yourself you may be notified that you no longer need to come at all . . . Sounds harsh . . . eh? . . . Continued . . . Repetition of this offense in numerous classes would mean dismissal from college. We'd like to tell you that every class is so interesting that you'd never want to cut but it just isn't true . . .

Just the same we all go to every class at State . . . We can take it. Classes start at eight in the morning and go on through the night. There is a ten minute intermission between every fifty minute class . . . Thus every class is over at ten minutes to the hour and every class begins directly on the hour . . . You can devote your free ten minutes to writing a letter . . . finishing up all your homework . . . smoking or lounging in the lounge . . . dashing home to see if that letter came yet . . . and so on into the night . . .

Student Marks

Just so there can be no misunderstanding we will explain the marking system.

A "Once in a Lifetime"—gives you 3 honor points.

B "Happens oftener"—carries 2 honor points.

C "That's most of us"—but only 1 honor point.

This is the intellectual middle class and feels the intellectual pinch of middle class income.

D "Passing"—the lowest minimum but still not very satisfactory work. Calls for mid-night oil and other drastic measures.

E "Nice to have known you."

To determine the number of honor points earned in any course you multiply the credit hours by the number of honor points indicated by the grade received. If you get an A in a 3-hour course you multiply the 3 hours by 3 points to get 9. In a 3-hour course a C grade gives you only 3 points. Remember it takes 10 hours and 16 points to have the minimum for a year's work.

For the sake of the record let it be said here that until you have 32 hours credit you are a Frosh. It takes 64 hours and 64 points to make a Junior out of a Soph and 98 points and hours make a senior. Then if you can swing another 32 hours and points your last year for the grand slam total of 128 you rate a degree . . . always providing you've lived right.

Kappa Delta Pi

O. K. you braintrust . . . This is the organization which furnished most of the honor students at commencement. Those who are Cum Laude or higher serve as "Marshals" in the Commencement Ceremonies and are designated by the red and white tassels and the Marshal's baton. They are the elite of Kappa Delta Pi . . . What to work for . . .

Examinations

The week prior to examinations is devoted to study and prayer. All extra curricular activities of a social nature are suspended. All late trips to the Chocolate Shop are cut to a minimum—then comes exams . . . Are you nervous . . . jittery . . . Fatigued . . . do you say nasty words when you upset the ink bottle all over your books . . . Shouldn't happen to the worst of us . . . but it does . . . HEH . . . HEH! Examination booklets will be furnished by the college. No books or papers will be permitted in the examination room. You will be left alone with your thoughts . . . and prayers . . . (Shoulda studied . . . ole bean)

PUBLICATIONS

Hilltop Press

Rise to the top . . . be an editor . . . If you've read this far in the bible you must have some interest in reading and writing . . . Try out for the Hilltop Press . . .

You may like straight news writing . . . then you're a first page writer . . . you may have a tang of originality about your personality . . . why waste it? . . . jot it down on paper and you're a Feature writer . . . How about Sports coverage? . . . You never miss a game . . . might just as well write it up and get yourself a spot on the sports staff . . . So . . . you don't write . . . Don't feel badly . . . we all can't be another Mrs. Roosevelt . . . Join up on the Business Staff or the Service Staff which corresponds with the Cortland State boys in the service . . . Come on! . . . Let's see you at that first Hilltop Press meeting . . .

Didascaleion

The "Did" has long been Cortland's pride . . . It is the yearbook which tells a story of a year gone by . . . and the people who helped build the reputation of Cortland State . . . The war has cramped our style a bit . . . but we are doing our best to put out a "Did" which is tops . . . You pay for the "Did" in your initial student fee at the beginning of the term and the book is given to every student at Commencement time . . . The staff is made up of members of the Senior class and underclassmen acting as assistants . . . Another place where you can shine! . . .

Student Directory

In the late fall, after you've had a good chance to meet people and you are beginning to wonder where you can call so-and-so, and where someone else lives, a little booklet is printed by the College Governing Board . . . Said little booklet says . . . Mary Jones . . . home address . . . school address . . . telephone number . . . class grouping . . . What more could you ask from said "little booklet?"

WHO

College Governing Board . . .

Who published this hand book? (See first page) . . . Who regulates your student fees? . . . Who represents you as a student body? Who budgets that money to the various college organizations? . . . Who worries about the cigarette butt burns on the lounge floor? . . . (You Should!) . . . "Who Stole My Heart Away" . . . You guessed it . . . or maybe you didn't . . . anyhow . . . It's your College Governing Board . . . Made up of two faculty members . . . four seniors . . . four juniors . . . two sophomores . . . and you . . . as one of the two representatives for the freshman class . . . Get to know who your representatives are . . . they hold meetings every Tuesday night when deemed necessary . . . (might just as well say every Tuesday night) . . . If you have any pet griever . . . Why not have it brought up at the meeting . . . Get into the swing of things and get behind your C. G. B. . . . This august body is not composed of long beards but long heads. It represents both students and faculty. It is an administrative organization established to execute the regulations set up by the assembly . . . Be sure to read the Constitution . . . and prepare to take your place as a responsible citizen in the college community. Everyone has a right to be heard . . .

COUNCILS

Social Activities Council

Who plans all these gay ole times you have been reading about? . . . A group of people who certainly seem to have your interests at heart . . . Presenting . . . the Social Activities Council . . .

Here's a little bit about the organization of the S. A. C. It is composed of a small group of students, both men and women, both phys eds and G. E.'s plus the guiding and stabilizing presence of the Dean of Women who sees that the plans for the next party don't go too far out of this world!

Naturally, the main purpose of the S. A. C. is to give you . . . Hannah . . . Josephine . . . Ezra . . . Zeke . . . a good time on those evenings when you push studies aside and go looking for the glamor of college life. If you're tired of just plain dances, (which we doubt you ever will be) the S. A. C. surprises you with a rollicking roller-skating party. Or if the grind has been pretty wearing, and you're just too tired to skate or dance, there's a movie for you, where you can sit back and relax and let the people on the screen do all the work. These are just a few of the things which the S.A.C. plans for you. There are square dances and teas, street dances and out door playdays. You'll never really know them all until you get here.

The hardest part of the S. A. C.'s job, like yours, is living within the budget. Just so much of the student government monies is spent the way you students want it spent. If one of its members gets a much too expensive . . . high-falutin idea for a party, the other members judge the idea very fairly and then perhaps send it to its doom . . . But no matter whether party expenses are \$100.00 or \$1.00 . . . It's still a good party . . . You'll find out!

The Catch

While the activities council makes its appeal to everyone in the college to participate in activities outside the classroom, it is perhaps necessary to admonish freshmen that after all college requires some brain work. Budget your time so that you can do your reading in the library and study in your room as well as the social things that exert a greater appeal . . .

Reread . . . Rethink . . . Re Do . . . or Regret

In many respects, this is your most important year and you had better get on the beam right at the start or you may get off your course. Don't forget, too, that Doctor Smith, Dr. Brown, Dr. Barber, and Mr. Moench—all of them—are always glad to see you and talk over your problems. Call on them before it is too late for them to help you. It is perfectly all right for you to drop into their office just to get acquainted. Cortland is a friendly school . . .

MUSICAL ORGANIZATIONS

I The Music Council

The Music Council coordinates the interests of all of the musical organizations in the school. It determines the general policies of the various student and music clubs and is composed of the presidents of the different organizations and one other member from each organization elected by the membership. Anyone who enjoys music has a right to be heard on the Music Council.

II The Women's Glee Club

Cortland has long been known for its excellent Glee Clubs. Before the war, our men's organization was exceedingly fine. The Women's Glee Club welcomes to its membership all freshmen who enjoy singing. One of the most impressive ceremonies of the year is the Candle Light Carol Sing. If you don't make the Glee Club, you can enjoy the Carol Sing just the same. Perhaps the most significant musical event of the year is the Spring Concert. If you are interested in making the Glee Club, Miss Pauline Meyer, who is the director will give you an audition. This is not a formidable ordeal but merely a way to classify your voice. Don't put off your audition.

III The Orchestra

Before the war, we had a big orchestra. Last year, however, we did not have such an organization; so some of the students got together and ordered music and prepared to do a little playing just for fun. If you play an instrument, be sure to join this band because they have some real fun and from time to time appear in assembly and at other student affairs.

ATHLETIC ASSOCIATIONS

Every student at State Teachers College is a member of the Athletic association . . . You are represented by six members from each class . . . We have a complete and varied athletic program. Before the war we had inter-collegiate competition in football, soccer, basketball, baseball and track and all of the other minor sports. The athletic organization regulates intramural competition through those representatives from your class . . . The intramural program is conducted for women as well as for men. The women's program included competition in basketball, soccer, track, tennis, riding, hiking, skiing and badminton. Every person at State Teachers College . . . whether general education or physical education . . . is urged to participate in these activities . . . You, too . . .

The Pines Committee

We have a Pines Committee composed of students appointed by the president of the college and the president of the student association. This committee is the one responsible for the plan under which we are now working to make a campfire site and an out-of-door theater.

Dance Group

Do you often get the urge to let yourself go . . . to create . . . to modernize and express yourself through the dance . . . Yes? . . . No? . . . at any rate . . . if you are interested in all types of dancing, the club you want to be sure to join is the Dance Club . . . Miss Mary Washington Ball organized this group several years ago and it has grown to be one of the most interesting clubs in the college . . . It meets twice a week and covers all dancing techniques . . . Interest in the dance is the first requirement for selection. Ability ranks second. This means that general education as well as physical education girls—whether they have ever had formal dancing instruction or not—are welcome in the organization . . . Membership, however, is limited of necessity, but where the number is greater than those required for the Master Dance Group, a junior dancers group is organized and have the regulation number of periods and may become members of the master group. Frequently, the dance group gives programs in nearby cities and at various conventions.

Girls' Aquatic Club

Splash . . . kerplunk . . . and another mermaid hits the dust . . . who knows, it may be you. You are eligible to join the Girls' Aquatic club if you are a girl . . . if you have passed your life-saving tests and have a reasonably good form on the fundamental strokes and aren't afraid to dive . . . Are You? . . . Do You . . . Who isn't . . . Say . . . why don't you look into the Aquatic Club?

This organization, as its title indicates, promotes interest in swimming. It is not, however, composed of experts. Now and then the good divers do a belly-buster and the good swimmers have the stroke break before the course is run. Like all of our other extra-class affairs, this one is designed to promote individual interests and enjoyment. The general education girls as well as the physical education girls are welcome. Come on along . . . don't hide your glide under a fin! . . .

The Masquers

The "Masquers" is a college organization to furnish an outlet for the talent of those who tread the boards. In the past the Masquers have put on several fine plays each year. If you are interested in the drama you will find it a most enjoyable organization.

PROFESSIONAL ORGANIZATIONS

American Association Health, Physical Education, and Recreation

Might as well get professional from the start The A.A.H.P.E.R. has a chapter of American Association Health, Physical Education, and Recreation whose membership has been open to all physical education students and faculty. There are two classes of membership: active and inactive. We mention this not because we want physical education freshmen to join the organization but merely to keep you informed. You aren't eligible for membership until your sophomore year. All physical education sophomores will want to join this national organization inasmuch as it is the strongest professional group we have.

Association for Childhood Education

The Association of Childhood Education is the professional organization whose membership is composed of all students at State Teachers College who are interested in the education of young children. At its regular meetings educational films and demonstrations and addresses comprise the agenda. Refreshments and discussions always make these meetings lively affairs. Every State Teachers College student should belong to a professional organization.

Religious Organizations

Catholic students will find at Cortland State Teachers College a very active chapter of the national organization known as the NEWMAN CLUB. Its purpose is to band together in a spirit of social and religious fellowship Catholic students at State Teachers College. The organization holds regular meetings at the college once or twice a month and has numerous social affairs throughout the year. The highlights of the year are the dance and the Communion Breakfast. All Catholic students who join the Newman Club should join early in the year.

A few years ago, students and faculty members and representatives of various local churches became interested in an organization at State Teachers College to foster religious activity. The outgrowth of this interest was the STUDENT CHRISTIAN FELLOWSHIP. It is interdenominational and invites all students to its membership. Its programs are arranged as discussions of student problems and you are invited to bring to the attention of the organization any questions that you would like discussed. The meetings will be bi-monthly next year and will be held in the student lounge.

International Relations Club

The newest organization in State's roster of extra-curricular activities is the International Relations Club which meets several times each month at the home of Miss Margaret Halligan, faculty advisor. This group, organized at the beginning of the 1944 fall term, has discussed many vital international questions.

The meetings are conducted in a very informal manner with students sprawled on the floor and practically hanging from the chandeliers . . . there is no formal ritual . . . Sometimes a panel presents background material or the chairman leads off with an introductory talk. At all times the topic is thrown open to the members . . . Membership open for everyone!

STUDENT GOVERNMENT

Takes Over

Sure, and you've yearned all your life to be a college instructor . . . (if you haven't . . . let's make believe . . . to be sociable). You get your big opportunity to show your cooperative spirit and leadership when the faculty vacates for a few days for the convention in Albany . . . All the classes are conducted under student leadership . . . your leadership . . . Starts off with a bang and ends up with a "Faculty" coke . . . in preference to the usual faculty tea.

SOCIAL FUNCTIONS

Freshmen Tea

Here's the chance which you Freshmen have been waiting for. A little get-together at which you can mosey around from one group of students to another and mingle with the seniors and faculty . . . and don't you think it's not a good chance to learn the name of that dapper individual who has been haunting you. Yes, siree. Frosh . . . Let's see you all at the Freshmen Tea . . .

Freshmen Assembly

Perhaps you have been hiding your light under a book. Well, you won't for long when your Frosh class presents it's Freshmen Assembly. You may be the proud possessor of such talents as whistling through the ears, playing tunes on the teeth, juggling tin cans and a toothpick with your feet . . . Then too, you may be one of those extra-ordinary individuals who can sing, dance or play upon an instrument . . . At any rate . . . You will have the opportunity to demonstrate your unquestionable abilities to your fellow students at the Freshmen Assembly . . . Sure, and you want to be on the program, Don't you?

Snow Carnival

Don your fifty pound ski boots . . . pull on that lush ski outfit . . . Drape those skis upon your back and hie yourself up to Pendleton Hill for an afternoon of snow frolics . . . to say the least . . .

You are guaranteed a day of fun and excitement . . . There are tournaments for even the knock-kneed skier . . . not that we expect you to enter into that category . . . but you can never tell . . . Prizes are offered for those lucky people who can whiz down the hill the fastest and the fanciest . . . and, if per chance, you can maintain your equilibrium while on ice skates . . . Why you're in for a day of varied enjoyments.

State Teachers College Sunday

This is a day when the spiritual side of us shows itself . . . On October fourteenth, the churches throughout the city carry on a program devoted to the College students. Communion breakfasts are held and it is a special occasion when everyone is expected to let his halo shine through . . . and go to church.

Timber Day

Strap a hatchet to your back, let punch and cookies be your snack as you hike off to clean up the pines . . . come clad in jeans and plaid shirts . . . definitely working clothes . . . for you will work and have a jolly time doing it . . .

Did you ever help build a fire place, hammer benches into place, rake and seed a field, saw off dead branches,

plant new trees . . . and generally aid the conservation department . . . Well, husky-Timber Day is your chance to show the world what a nature lover you are. Next year we want to make an out-door theatre.

Watch the Birdie

Dr. Smith and Mr. Moench are mighty handy with a movie camera . . . So don't be surprised when you show up at a grand premiere to see your corpus upon the screen . . .

Going Out

General Regulations . . . Getting down to a little fact and figure . . . Hold on there . . . Bub

1. When going out in the evening all students are expected to sign in the "sign out" book and to inform their landladies of their whereabouts before leaving the house . . . In case that long distance call comes through for you . . . Landladies should know where students can be located.

2. Out of town permits may be secured from the office of the Dean of Women.

A. The "blanket permit," when signed by parents or guardians allows students to go home without further permits. Each student going home is requested, however, to sign out on the regular out of town cards, except at regular vacation periods.

B. For all other out of town trips permits from parents or guardians should be attached to special out of town permits. Permits should be countersigned by landladies. This insures that landladies know when students are out of town and where, so that they may be located in case of emergency. Permits should be signed by landladies only when they know that parents approve of the trips. Such approval may come as a note from parents clipped to the excuse card, as a telephone call between parents and landladies personally or by "blanket permit" for traveling home only. These permits should be handed in to Dean Barber's office on the *Thursday* before you plan to take your little vacation . . .

- C. No permits are needed for regular vacation periods, unless students are going to other places than their own home

Proms

Never let it be said that Cortland State lacks in grandeur when it comes to Proms . . . As a Frosh you will be stunned by the Frosh hop . . . as a Soph you will be staggered by the Soph Soiree . . . As a Junior you will be appalled by the Junior Prom and as a Senior you will be stymied by the Senior Prom . . . My word . . . You'll be a mess . . . won't you?

Spotlights . . . Floodlights . . . Revolving chandeliers . . . Soft drapes . . . Twinkling stars . . . Music by the best band ever to hit Up State New York . . . Men . . . College Men and Service Men imported from nearby training centers . . . All add up to a wonderful time at a Cortland State Prom . . .

Moving Up Day . . .

Day of days for the humble Frosh. Your drooping head is exalted to a height of which you had long dreamed. You are made a Sophomore . . . 'tis a busy day for all concerned . . . You are up bright and early for the flag raising ceremony . . . an impressive sight to behold . . . The new College Governing Board is installed . . . and who knows, you may some day be one of the new officers . . . no reason why you shouldn't be. Awards are bestowed upon the students who have excelled and those who have distinguished themselves on the Hilltop Press and in the Hilltop Masquers.

Moving Up Day exercises take place around the Junior Rock where the Freshmen become Sophomores, the Sophomores become Juniors, the Juniors become Seniors, and the Seniors disappear from the face of the earth, while those gathered shed a tear or two . . .

CORTLAND STATE SONG

ALMA MATER

By lofty elm trees shaded round,
Tioughnioga near,
Our grand old Cortland College stands,
To all of us how dear.

Chorus

We'll sing to thee, dear Alma Mater,
Of love that shall never die,
We'll strive for the glory eternal,
Keep thy stainless honor high,
Inspiring each son and each daughter
The noblest aims to try,
All thy fame and thy spirit, thy might are ours
As the swift years hurry by.

Cortland State Song

SONGS AND YELLS

Cortland college like all other schools has its songs and Alma Mater. Every student should know the Alma Mater within three days after entering.

ALMA MATER

By lofty elm trees shaded round,
Tioughnioga near,
Our grand old Cortland college stands,
To all of us how dear.

Chorus:

We'll sing to thee, dear Alma Mater,
Of love that shall never die,
We'll strive for thy glory eternal,
Keep thy stainless honor high,
Inspiring each son and each daughter
The noblest aims to try,
All thy fame and thy spirit, thy might are ours
As the swift years hurry by.

2.

From many a lofty station reached
Thy children backward gaze
Our doubts and hardships changed to hope
In happy Cortland days.

Chorus:

3.

Through thee we enter larger life
Thou great, wide kindly door,
Escape a petty sphere and give
Thee thanks still more and more.

Chorus:

4.

When years and service prove our worth
We'll homeward turn to thee,
And fondly hope that thy "Well done"
Our sweet reward may be.

—Ulysses F. Axtell.

FIGHT YELL

G rrr fight!
G rrr fight! fight!
G rrr fight! fight! fight!
Team!

SKYROCKET YELL

S-s-s-s-s-s-s Boom

Ahhhh!

Fight Team Fight

TEAM YELL

T-E-A-M Yea Team

T-E-A-M Yea Team

T-E-A-M Yea Team

Team Team Team

CHEER FOR OLD CORTLAND

Come and sing, all ye loyal Cortland men,

Come and give a rousing cheer,

Join our line as we march along so fine,

With hearts that have no fear.

Left and right, 'neath the crimson and the white

We will march in bold array,

So everybody shout and sing for this is old Cortland's day.

Chorus:

Cheer for old Cortland, Cortland must win

Fight to the finish, never give in, boys,

All play your best, boys, we'll do the rest

Fight for the victory.

ON, OLD CORTLAND

On, Old Cortland! On, Old Cortland!

Drive them down the field,

Pass the ball right through their center,

Force them now to yield.

On, Old Cortland! On, Old Cortland!

Fight on her fame.

Fight fellows, fight and we will win this game!

CHEER SONG

We'll cheer for the team; we'll cheer for the team,

We'll cheer, cheer, cheer, cheer for the team

And because we are from Cortland, we'll ever victors be

We'll cheer, cheer, cheer for the team.
